

A SHORT WALK AROUND BIRMINGHAM BOTANICAL GARDENS

Use the map to find the numbered wooden posts. You can answer the questions in any order.
On the posts are clippers to punch the boxes next to each question.

START

4

Look across the lawn. Can you spot where you may hear, birds, music and splashing water?

13

Write down the names of four birds you saw.

11

Look for a tree named Swamp cypress. Why do you think it is called that?

9

On the way to this post can you find out when the rock garden was first completed?

Which Birmingham industrialist was it named after?

8

Climb up the steps into the bandstand. How many sides does it have?

5

Nearby is a "Giant Redwood". In Western Canada they grow so big that roads pass through their trunks.
How is the bark different from surrounding trees?

3

Jenny, a cockatoo and Papuga, a macaw sometimes talk. What did they say?
Where are they from? _____
